

Specialist Letting

Management Agents

May 2008

Brighter Living has been carrying out cleaning work for us for several years. They are extremely competitive with their pricing and their work is carried out to a very high standard. We manage in the region of 350 properties on behalf of landlords and all our landlords and tenants have been very happy with their work

We have no hesitation whatsoever in recommending their work and will continue to use them for our end of tenancy cleans.
